

Adobe Photoshop Lightroom CC Introduction

Call: 01628 810 196 | jessica@dynamix-training.co.uk | www.dynamix-training.co.uk

Adobe Lightroom CC allows you to easily edit, organise, store, make one-click adjustments, create advanced controls and share your photos from anywhere. Lightroom CC is designed for photographers who want the best possible images and an intuitive, all-in-one solution for their digital photography.

This course is for anyone who is interested in photography and wants to take their photography to the next level. We explain what Adobe Photoshop Lightroom is and why it's such a great choice for aspiring photographers and professionals alike.

The course runs from 9.30 am to approximately 4.30 pm.
Duration: 1 day.
